IMPORTANT

NO APPROVAL MAY BE GIVEN FOR INSTALLATION OF ALTERNATE ROOFING MATERIALS WITHIN A DISTRICT WHEREIN A BURNED CLAY TILE OR SLATE ROOF IS MANDATORY

NO APPROVAL WILL BE GIVEN FOR MATERIALS IMITATING SLATE OR TILE

ANY DETACHED STRUCTURE TO BE REROOFED TO MATCH RESIDENCE AT THE TIME OF REROOF

NOTE: PAINT OUT VENTS/FLASHING TO MATCH ROOFING MATERIAL

EDGE METAL TO MATCH FASCIA COLOR OR SUBMIT COLOR FOR APPROVAL

ALL MATERIAL TO BE INSTALLED PER ART JURY SPECIFICATION

To insure that the resulting construction meets the criteria above established, the following items shall accompany each application and submission if requested to do so:

- Architectural and structural details of installation for the individual projects, including eave and rake details.
- Manufacturer's literature, specifications and installation instructions.
- A sample of the proposed roofing material.
- If gutters and/or downspouts are to be changed, details must be submitted with a sample of the product used.
- If skylights are present they must be submitted and reviewed at this time.

 (received installation details) PRINT NAME DATE SIGNATURE

EACH SUBMISSION WILL BE INDIVIDUALLY REVIEWED BY THE ART JURY

Consideration will be given to the appropriateness of the proposed roofing material to the architectural style and specific structure on which it is to be installed and to any impact such installation may have on the immediate surrounding area. In order for an installation to be approved, the Art Jury must be satisfied that it will produce a uniform and reasonably high standard of artistic result and physical appearance.

ALL MATERIALS SIMULATING WOOD ROOF MUST BE FLAT. ANY MATERIAL WHICH IMITATES CLAY TILE OR SLATE WILL NOT BE APPROVED. ARTICLE IV, SEC.34(c): MATERIALS, COLOR AND FORMS MUST BE USED HONESTLY, ACTUALLY EXPRESSING WHAT THEY ARE, AND NOT IMITATING OTHER MATERIALS.
